Guided Farm Tours

Sunday 26 April, Sunday 17 May 2009, Matakana

Our farm tours will show you how Rainbow Valley Farm has developed over 21 years from a eroded, weed infested wilderness to a productive edible landscape. The philosophy behind the work will be explained and examples pointed out. Topics covered include: Sustainability — Permaculture — Edible Landscapes — Organic Food Production— Compost Toilets — Energy Efficient & Non-toxic House — Zero Waste.

Tours start at 2 pm and last approx. 2.5 hours. Tours go ahead rain, hail or shine. It is not necessary to book, just turn up. No dogs please as we have ground-nesting birds.

Cost \$15 per adult. Please carpool if you can.

David Holmgren (The Permaculture Guru)

16 May 2009, 10 am — 4 and evening session, Matakana

David Holmgren will present a day workshop at Rainbow Valley Farm followed by an evening talk in Matakana. Details coming soon. Check for updates: adminrainbowvalleyfarm@gmail.com http://www.rainbowvalleyfarm.co.nz/index_files/Page350.htm

Straw Bale Workshop #105

May 16th - 20th 2009, Wauchope, NSW Australia

Straw Bale Workshop # 105 NEXT CUSTOM WORKSHOP PLEASE BOOK NOW

We will be building a straw bale cottage on the property of our clients Max and Mandy Smith of Wauchope. The building will be using the hybrid method which we have developed over the years. The render will be lime on an earthen base. The aim will be to provide all our students with plenty of theory and practical straw bale wall raising.

Wauchope is located on the Hastings River 406 km north of Sydney via the Pacific Highway, 10 km west of the highway and 9 metres above sea level, Wauchope is a thriving service centre which is affectionately referred to as 'the heart of the Hastings'.

The Gadang Aborigines had been living in this rich, heavily-timbered land for tens of thousands of years before the arrival of Europeans. The first European in the area was Surveyor John Oxley who named Mount Seaview (because he could see the sea) and the Hastings River (after Lord Warren Hasting, Governor of India) as he passed through the area in 1818.

Timbertown Pioneer Village

The major attraction at Wauchope is the Timbertown Pioneer Village which has literally dozens of houses recreating an old timber town of the 1880s. There is a blacksmith, a leather-worker and other craftspeople, a railway station, a steam train, a steam sawmill, shops, a bakery, a pub and barbecue facilities. This is a really very good pioneer town set on 87 acres.

Learn to Build an Earthbag and Cob Cabin

2009 - May 22-25, May 30-31, June 20-21, June 27-28 and July 18-19, USA

- A start-to-finish workshop series

Newberry Co-housing, Portland, OREGON USA

The workshop will take place over five weekends: May 22-25, May 30-31, June 20-21, June 27-28 and July 18-19. You can register for the series as a package, or for individual workshops.

Come experience the design and construction of an earthen building near forest park. Have fun combining resource-consciousness, creativity, and construction skills in this start-to-finish series of hands-on workshops. Learn to build quickly with rammed Earthbags. Sculpt shelves and niches with Cob, integrating all the pieces of a dwelling. You will learn everything you need to build structurally sound earthen dwellings using locally available Materials. The design is a 18 ft x 11 ft ellipse with a loft and a usable living roof space.

Topics include:

Earthbag and Cob Wall systems

Earthbag and Gravel Foundations

Sculptural features with Cob

Passive Solar

Window placement

Roof Design & Living (eco) Roofs

Earthen floors

Earthen plasters and paints

Earthen fireplaces

Innovative uses of recycled, discarded and native materials

FOR MORE INFO & TO REGISTER: <http://earthenhand.com/Newberry.html> or email scott@earthenhand.com

or call Scott, at: (503) 287-2442

EARTHBUILDING WORKSHOP

BUILD YOUR OWN PIZZA OVEN

Saturday 17th October 9 - 4, Kaiwaka

Tutor: Wolf Heipe Cost: \$120

Wolf has been playing around with earth for a few years now and lives in a beautiful light earth home that he built with others. Wolf will show you how to build an earth oven using mainly clay and sand. You will learn everything you will need to know in one day. These ovens can cook bread, pizza, casseroles. The venue for this workshop is still to be confirmed.

For workshop bookings, or if you have any questions, please email:

info@koanga.co.nz or phone us at the shop: 09 4312732.

We ask for a deposit of 50% of the cost of the workshop when you make your booking. Payment can be by cheque or internet banking.

Bookings can also be made through [this](#) website, then click **Pizza Oven** - This gives you the option to pay your deposit by credit card. Your deposit will be refunded in full if the workshop is cancelled.

It is really helpful to us if you can confirm your place on any workshop that you book into at least 2 weeks before the workshop. Workshops may be cancelled if numbers are insufficient, so this gives us time to consider and to notify everyone whether the workshop will go ahead or not.

Tea and coffee is provided when you arrive, mid morning, lunchtime and mid afternoon on all workshops. Please bring your own lunch.
